EXCEPTIONAL MEETINGS REQUIRE EXCEPTIONAL ENVIRONMENTS.

The perception of what a meeting should look like has evolved. And with that, so too has IACC venues. Today, IACC venues are continuously shifting and evolving to meet the needs and expectations of their clients. The emphasis is not only on the quality of the venue but the quality of the outcome.

IACC certified venues go far beyond the norm to create the kind of unforgettable service and connections that are leaving a profound impact on attendees.

Using the latest meeting technology, the best furniture and designing meeting rooms that inspire is what sets IACC venues apart from the mainstream.

TO BE A IACC CERTIFIED VENUE, YOU CANNOT BE AN 'ALSO-RAN', YOU HAVE TO BE THE VERY BEST!

Productive Outcomes

THROUGH COLLABORATION WE HELP CUSTOMERS ACHIEVE OUTCOMES FROM THEIR MEETINGS THAT IMPROVE THE PERFORMANCE OF THEIR ORGANISATION.

IACC has pioneered solutions such as interactive audio-visual and inclusive delegate packaged pricing and integrated design elements that contribute to the world's best meeting environments and incredible settings, operated by our members in 24 countries.

Technology

As Meeting Planners incorporate more and more collaborative technologies and media into their meetings, IACC conference venues recognise it is their job to create that important 'edge', by providing the best infrastructure and support the event. IACC gets the importance of solid broadband infrastructure and IT/AV support needed to support your next meeting.

Staying Connected

Whether your event is for 10 or 500 delegates, they all need to stay connected to the outside world and at the same time. Meeting planners now rely on internet for up to 6 communication types in a single meeting and the venue needs to cope with this.

Creating Mobile Apps for meetings is now mainstream and no longer the reserve of the larger meetings. IACC conference venues understands that to stay connected, delegates need a good solid and fast broadband service and device charging points in meeting rooms, bedrooms and public areas.

IACC venues lead the world in innovation for meetings and our customers benefit from the best practice which follows these new ideas.

Outstanding Food & Beverage

The dining and service experienced in the bars and restaurants at IACC conference venues is a cut above your typical conference experience.

Flexible dining, variety and high quality internationally influenced cuisine is at the heart of great meeting experience and IACC knows this.

IACC annually stages a global chefs competition which not only demonstrates the quality of cuisine served at IACC venues, but also raises important international awareness.

Menus are developed according to the dining environment clients are looking for, from vibrant networking dinners to formal banquets and everything in between. Expect passion and pride to be demonstrated when you bring your delegates for your next meeting.
